

# POURING OUT TO THE GOD OF HOPE AND BEING FILLED

## 2025 IMPACT REPORT

NATIONAL  
DAY OF  
PRAYER

December 2025

Greetings Prayer Partners,

Throughout 2025 we have truly seen the power of God poured out in answer to prayer. Across the nation, people have gathered in churches, schools, homes, and public squares, pouring out their hearts before the Lord and being filled with His peace, His presence, and His power. We serve a faithful God who continues to meet us in prayer, reminding us that He is the God of hope who fills us with all joy and peace as we believe and trust in Him.

This year's theme, *Pour Out to the God of Hope and Be Filled*, has been a living testimony across generations and communities. From small town gatherings to the halls of Congress, we've watched believers pour out prayers of repentance and praise, intercession and thanksgiving, and God has responded in ways that overflow with His grace. Leaders have been encouraged, hearts have been renewed, and light has shone brightly in places once darkened by despair.

As you read through this Impact Report, may you be reminded that you are a vital part of this move of God. Every prayer, every gathering, every outreach is the fruit of faithful partners like you who stand with us year after year. Because of you, millions continue to hear the call to pray for America and to lift high the name of Jesus.

As we look ahead to 2026 and the 75th National Day of Prayer during our nation's 250th year, we do so with great expectancy, ready to glorify God among the nations and seek Him in all generations. Together, let's keep pouring out our prayers and being filled with His Spirit, that His glory may flow out and fill the earth.

Serving Him with gladness,

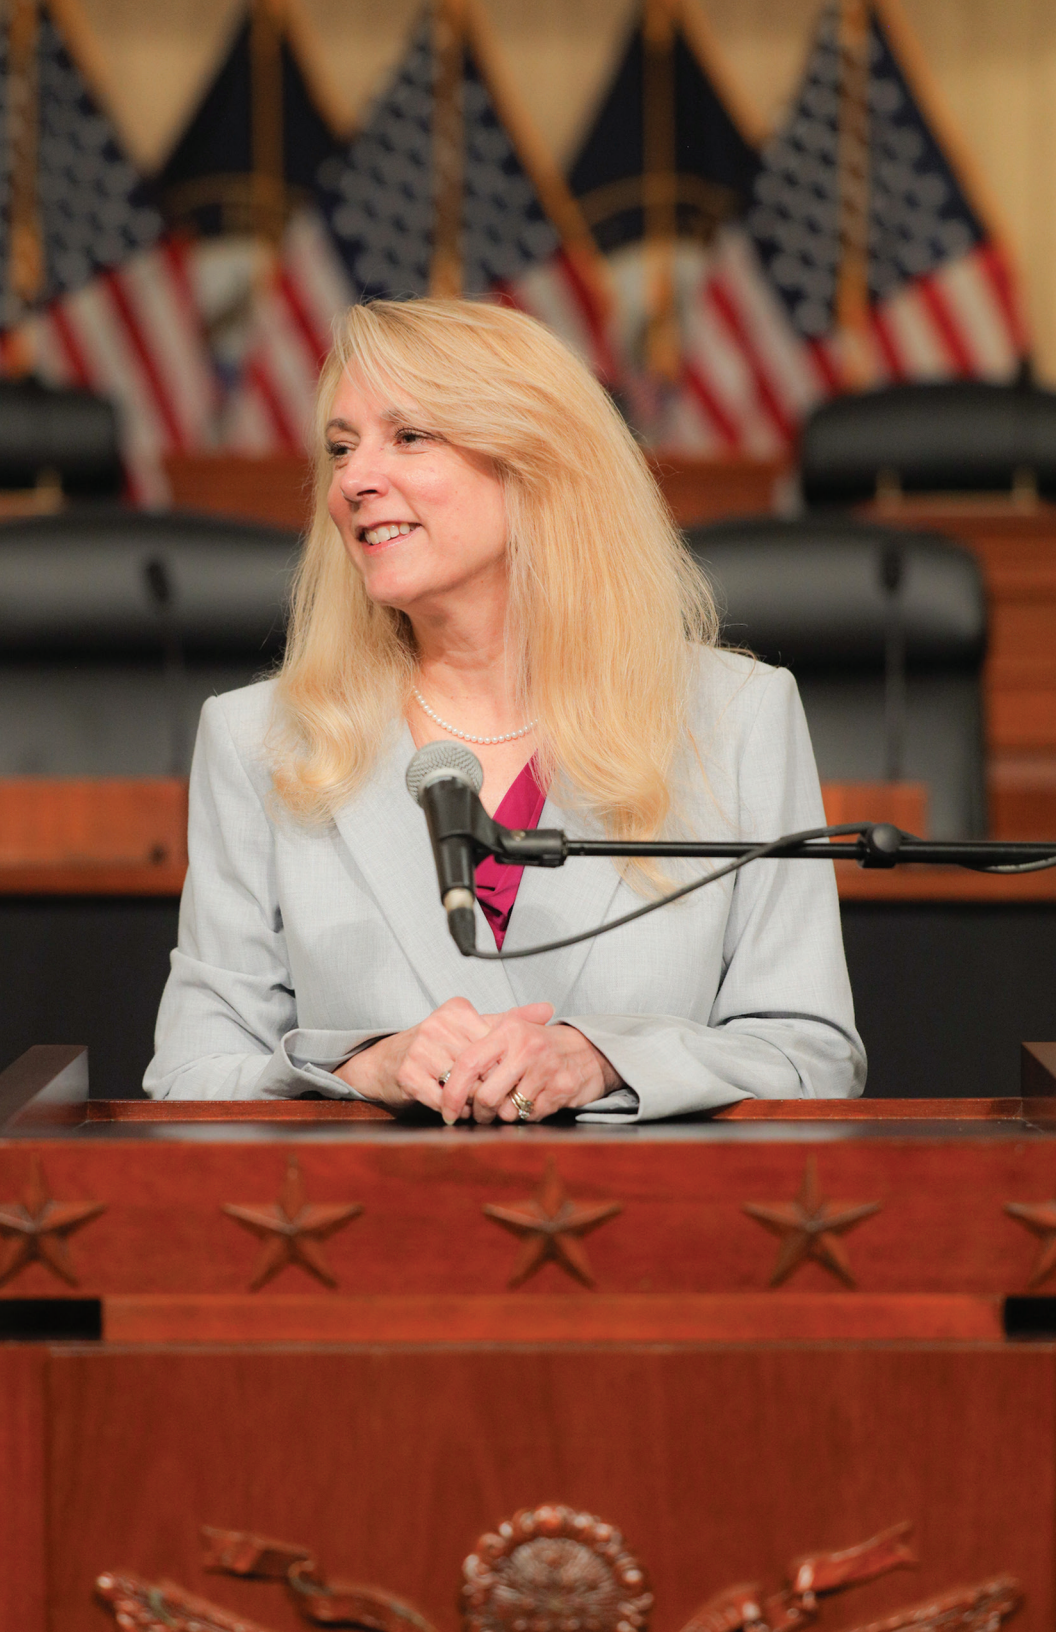

Kathy Branzell

## Congressional Observance

The National Day of Prayer Congressional Observance was held this year on Capitol Hill. As millions gathered across our nation in prayer within their local communities, government leaders from the U.S. House and Senate hosted hundreds in the Cannon House Caucus Room who lifted up our nation together in prayer. Every prayer that was poured out pointed everyone gathered to the God of HOPE, asking Him to pour out His HOPE and healing upon our land. The observance was also streamed live on X (formerly Twitter), allowing thousands more across the nation to join in prayer and worship in real time.

# National Leadership Summit

In September, over 150 National Day of Prayer leaders from across the nation gathered at the Museum of the Bible and in the U.S. Capitol, where we were all challenged to ABOUND in the Lord Jesus Christ. Our sessions were spent hearing our staff and our National Area Leaders equipping and encouraging our state and local coordinators, and praying and planning to mobilize our communities in unified public prayer for America. Our new theme for 2026 was revealed along with the theme art featuring an image from the painting, *The Prayer at Valley Forge*. Elizabeth Carlyle, CEO of the First Freedom Art Company who owns the painting, shared her excitement to partner with the National Day of Prayer Task Force on this coming **75th National Day of Prayer during our nation's 250th anniversary**. Together, we will be calling America to Glorify God and Seek Him for our nation.

# Pouring Out to the God of Hope ...

The “Glory Stories” each year shine as powerful reminders that when God’s people pour out their prayers to Him, He faithfully pours out His presence, power, and hope in return. They remind us that the National Day of Prayer **is not the culmination, but the catalyst** – a spark that ignites a continual outpouring of prayer throughout the year.

While many Junior High students would normally spend their lunch period chatting about upcoming tests, worrying about homework assignments, or catching up on text messages, 61 ninth graders in Ada, Oklahoma took time out of their lunch period to participate in the National Day of Prayer. They didn’t just talk about prayer or listen to an adult teach on prayer – they ran right into the presence of God in prayer themselves! – **Levi G. , Ada, Oklahoma**

We had 10 participating churches this year, which is almost 90 percent of the churches in this city. God is moving in our city with the UNITY of God’s church. – **Kevin D., Boulder City, Nevada**

Each year, we're blessed by a local flight school near our state capital in Connecticut that donates one of their instructors and planes for a special Prayer Flight, one of dozens across the nation. On the National Day of Prayer, as **we flew over the Capitol, symbolizing governmental authority, we prayed for God's intervention and guidance** for our leaders. At that very hour, legislators were proposing several challenging bills and that morning, as we prayed, the trajectory of those bills shifted in a positive way and we saw firsthand that our prayers truly availed much! – **Sheila K., Hartford, Connecticut**

This was our fourth annual service that we have invited and shared with 5 or 6 other churches in Corona. We had Pastors and leaders pray for each Prayer Point and had worship music intermittently. **We had Pentecostal, Evangelical and Messianic Christians all together** worshipping our God and Father. Someone said that we had a Holy Salad. We were several congregations, but One Church! – **Ronald N., Corona, California**

# The Prayer at Valley Forge

This year's theme art incorporates an image from **The Prayer at Valley Forge**, a poignant portrayal of General George Washington during one of the most critical moments in the American Revolution. Amidst the immense hardships and isolation faced by the Continental Army, Washington is depicted in a moment of solitary prayer, desperately seeking guidance and strength.

Painted by American artist, Arnold Friberg, R.S.A, (1913-2010). A humble man, he once explained: *"I don't want anyone to notice the artist. I want them to notice the art. Art to me is a service, to bring enrichment to people's lives. The picture comes to me, taps me on the shoulder, and tells me it has selected me. So, I don't create anything; I follow what is given to me."*

"Arnold Friberg's masterpiece, is a call to remember where our nation's freedom was forged – on its knees. To see **The Prayer at Valley Forge** take its place at the center of prayer for our nation, especially for America's 250th anniversary, is a tremendous honor for Friberg, and for First Freedom Art."
